Future Improvements.

- Attend professional sporting event
- Continue to offer equal opportunities to all year groups across the school.
- House football/competitive sport within year 5 and year 6. Both boys and girls will compete in a range of different sports.
- Interschool competitions – look to arrange inter school competitions with other schools. Focus on competitive activities and competition. Look at arranging sports days and “days of excellence” where children to be given chance to excel.
- Pupil Premium children will be offered a guaranteed place in any club that they wish to attend.

Sustainability

Continuity in provision so the same coach/es will work with the children.

Outside and additional opportunities signposted to all parents so children can continue with the activity.

All staff contribute fully to deciding how, and where the grant should be spent.

Grant shared between outside providers and resources so activities and opportunities can continue into the new school year.

Participation and Attainment

All children across the school have received specialised coaching.

All children across the school have had extra opportunities, outside of the minimum statutory requirements, to participate in a range of sports.

All children who asked to attend a multiskills or football after school club throughout the school year had the opportunity to do so.

In the second half of the summer term 2018, over 120 sessions and 80 hours of additional opportunities were provided to the children at St Bede's.

The majority of children were judged to be working in line with, or exceeding year group expectations.
