

## DT

### Year 3 - Typical Expectations for each level

- Can competently prepare a range of ingredients that they have selected based on their own research to make a sandwich.
- Can work as part of a team to design and make a waterproof jacket
- Can considered a greater range of ways of making structures stable, and created a frame that matches their design criteria.
- Can talk about their work and are able to identify where evaluation of design and make process and their products has led to improvements.

3a

- Research select and prepare a range of sandwich ingredients for a purpose. Have an understanding of the 'balanced plate' model for healthy eating and will have applied this to ideas about how the sandwich contributes to a healthy diet
- Can work as part of a team to design and make a waterproof jacket.
- Can understand ways in which structures can be made stable and can design and make a complete personalised free-standing photograph frame.
- Can talk about their work and are able to say what worked well for evaluation.

3b

- Have prepared a range of ingredients that they have selected, with assistance, to create a sandwich.
- Can with support work with others to design and make a waterproof jacket.
- Have a limited understanding of ways in which structures can be made stable and have made, with support, a free-standing photograph frame.
- Can talk about their work and others in simple terms and for evaluation.
