

Maths

We will be focusing on our arithmetic skills, in particular accurately recall of timetables and their inverse use

English

We will take our learning from some different books which celebrate our achievements and what makes us great. We will use different sources of inspiration for our creative writing.

RE

The children will look at what it means to be called and the links between David, scriptures and God's call to holiness.

History

We will be looking at the Ancient Egyptians, key characteristics of that civilisation and what enabled it to last for such a long time period.

Year 4 Science Exciting Egyptians

Science

We will be looking at animals, including humans and the basic parts of the digestive systems, teeth as well as constructing and interpreting food chains.

Computing

We will be looking at an interactive toy; working on gaining an understanding about inputs, outputs and how to debug programs.

DT

The children will look at, study and prepare some seasonal foods, recognising how they differ from non-seasonal items.

PE

We will studying gymnastics and our core skills or balance, agility and technique.

Music

We will be playing accompaniments with more awareness of other parts and a wider range of melodies., .

PSHE

We will be looking at challenging assumptions that people make about others dependant on how they look.
