

Maths

In our Maths lessons, children will be able to continue to work on their skills in the four operations whilst using place value, fractions, decimals and percentages.

English

In our English lessons, children will be using the poem The Highwayman as our focus text to inspire our writing styles; a monologue and a biography.

RE

In our RE lessons, children will make links to show how feelings and beliefs affect their behaviour and that of others, concerning their mission in life.

Science

In our Science lessons, children will be able to explain the differences between physical and chemical changes.

PSHE

In our PSHE lessons, children will be able to develop an awareness of their self-image and self-esteem.

Geography

In our Geography lessons, children will be able to locate the UK's major urban areas, knowing some of their distinct characteristics and how some of these have changed over time.

Our Local Area

Year 5

Autumn 2 - 2022

French

In our French lessons, children will be able to recognise and recall from memory 21 items of clothing and know the differences between definite and indefinite articles.

Computing

In our Computing lessons, children will be able to understand networks and the opportunities they offer for communication and recognise the need for encryption when using the web.

D&T

In our D&T lessons, children will be able to name and explain significant inventions, their uses and how they changed the world.

PE

In our PE lessons, children will be able to develop their gymnastics skills, building on what they have learnt in previous years into more complex and structured routines.

Music

In our Music lessons, children will be able to recognise and categorise classroom instruments and instruments of the orchestra.
