

Maths

In our Maths lessons, children will be working on their understanding of place value within addition, subtraction, multiplication and division, angles within shapes and converting units of measurement.

English

In our English lessons, children will be reading the book; Holes by Louis Sachar, as our focus text to inspire our writing styles; a letter and a newspaper report.

RE

In our RE lessons, children will be able to make links between how Jesus undertook his mission to share the good news and how each diocese continues that mission and work today.

Science

In our Science lessons, children will be studying living things including animals and plants, analysing the differences in their life cycles.

PSHE

In our PSHE lessons, children will be able to develop respect of their own and other cultures. They will also discuss the importance of our education and learning and how it impacts their future.

History

In our History lessons, children will be able to explain why The Vikings wanted to leave their home and settle in Britain. Make valid judgements about Alfred the Great and use sources to find out what happened in Lindisfarne.

The Vikings

Year 5

Spring 1 - 2024

Art & Design

In our Art & Design lessons, children will be able to design a coat of arms. Work collaboratively to a design brief; naming and designing a product to then communicate through spoken and visual language to 'sell' their product.

French

In our French lessons, children will be able to recognise and recall the 9 weather expressions in French from memory and describe the weather in France, in French using a weather map with symbols

Computing

In our Computing lessons, children will be able to draw and create their own vector images, according to a design using a digital tool. Evaluate and improve a design.

Design and Technology

In our D&T lessons, children will be able to create a storyboard of ideas to design and then make their own pop-up book with neatness and accuracy. Ensuring the book slides, pivots and folds to produce movement.

PE

In our PE lessons, children will be able to develop a wider range of netball specific skills and use them in small invasion games applying attacking and defending tactics in increasingly challenging situations.

Music

In our Music lessons, children will be able to identify and compose in cumulative, binary, ternary, and rondo structures.
