Relationships

Year 6

Summer 1 - 2023

Maths

We will continue to practise our arithmetic skills and use RUCSAC to help us to continue to develop our reasoning skills.

English

We will be using our focus The Boy in the Girls' Bathroom to write a formal letter and also a school report. We will use taught grammar features in our writing and focus on our journey of drafting and editing.

RE

In our RE lessons we will learn how to describe and show understanding of Scripture, beliefs, ideas, feelings and experiences of the power of the Holy Spirit in witnessing to the Good News of Jesus

Science

In our lessons we will be learning about Light , we will learn how light travels, how we see things in relation to light and why shadows have the same shape as the objects that cast them.

PSHE

We will be studying the topic of Relationships, discussing feelings around loss and people who are special to us in our lives.

Geography

We will be learning about 'Our World in the Future'. We will be learning to name and locate types of industry in a variety of areas and give reasons why they have changed over time.

French

We will be exploring 'Me in the World'. Learning how to talk about our personal details in French.

Computing

We will learn to create and write down the algorithms for our very own app and to use coding to create an app.

Art & Design

In our lessons we will consider ways in which street art can improve public spaces. We will also identify features of street art which are appealing to advertisers.

PE

We will be studying Gymnastics, positions of stillness – exploring individual, pair and group positions and how those positions can act as obstacles for others.

Music

We will be learning to understand musical devices including ostinato, layering, canon and rounds within musical compositions.
