

### Maths

Over the course of the half term we will complete maths investigations to further their mathematical thinking, using a combination of reasoning and arithmetic skills.

### English

In our lessons will create an information leaflet based on research and their own findings from their Isle of Wight trip. They will also create a short story based on our production of Olavis.

### RE

Children will make links to show how feelings and beliefs about sickness and care affects their behaviour and that of others. Children will also learn that we are made in the image of God and our relationships should reflect God's way

### Science

In this half term children will learn to recall parts of a circuit and their functions. They will also be able to explain the impact of adding to, or removing components from, a circuit.

### PSHE

Children will be learning about changes and these lessons will be incorporated with our Journey in Love scheme.

### History

We will explore and research and compare the impact of the First and Second World Wars on their locality. They will also research around the local community to gather or check evidence on how the area was affected during both wars.

### Computing

Children will become familiar with basic Sketchup tools, using features of graphical modelling software to develop a 3D model. They will evaluate their work and make improvements. They will learn how to import a Sketchup model into Google Earth.

### Design and Technology

Children will be Designing a playground featuring a variety of different structures, giving consideration to how the structures will be used.

### PE

Children will use co-operation, communication, collaboration, consideration, teamwork, trust developing skills for the outdoors, working together and supporting each other

### French

We will be learning the key facts of history from WW2 when described in French. They will also learn to say and write in French the key countries and languages involved in WW2.

### Music

In our lessons we will learn lyrics and music, dialogue and staging to put on a musical theatre performance

# Journeys Year 6 Summer 2 - 2023
