

Maths

We will be continuing to develop our place value knowledge and our addition and subtraction skills. We also will be looking at measurement of lengths.

English

We will be using Charlie Cooks Favourite Book and The Big Story. The children will be using their imagination to create their own stories and character profiles.

RE

We will be focusing on learning about Judaism and Waiting which includes the Christmas story.

Science

We will be exploring the human body focusing on basic parts of the boy and the five senses.

Geography

We will be exploring our local area, Chadwell Heath, including places they go often, what they see on their way to school and local landmarks.

Our Local Area Year 1

Autumn 2 - 2023

PSHE

We will be celebrating differences, focusing on similarities and differences with others in our class.

Computing

We will be focusing on following and devising simple algorithms. The children will create simple instructions to make things happen and understand this is called in algorithm.

Art

We will exploring African Art, including patterns, shapes and colours.

PE

We will be developing on our gymnastic skills.

Music

We will be exploring festivals through music. Children will begin to play long and short sounds and sequences of sounds.

HIGH ROAD, CHADWELL HEATH.
