

### Maths

We will be focusing on our arithmetic skills, in particular accurately recall of timetables and their inverse use

### English

We will take our learning from some different books which celebrate our achievements and what makes us great. We will use different sources of inspiration for our creative writing.

### PE

We will studying gymnastics and our core skills or balance, agility and technique.

### RE

The children will look at what it means to be called and the links between David, scriptures and God's call to holiness. The Torah in Judaism and the Gift of Jesus received at Christmas.

### Geography

We will look at cities across the Americas: comparing similarities and difference with those from the United Kingdom.

## Year 4 The Americas Autumn 2 - 2023

### Science

We will be looking at animals, including humans and the basic parts of the digestive systems, teeth as well as constructing and interpreting food chains.

### Computing

I Program I – using scratch, we will be looking at how to programme a sprite to perform a variety of actions, based on agreed criteria and requirements. Children will need to follow a set of predefined instructions as well as create their own ones independently.

### Design and Technology

The children will look at, study and prepare some seasonal foods, recognising how they differ from non-seasonal items.

### Music

We will be playing accompaniments with more awareness of other parts and a wider range of melodies.

### PSHE

We will be looking at challenging assumptions that people make about others dependant on how they look.
