

### **Maths**

In our maths lessons we will be spinning arithmetic plates and developing reasoning skills including; statistics, algebra and geometry.

### **English**

We will be writing a monologue based on the short film The Piano and using our Geography knowledge to help us to develop a news report based on 'Protecting the Environment'.

### **RE**

In our topic of 'Sources' we will develop our understanding of how the Bible shapes the lives of us as Christians and also in our topic of 'Unity' we will explore how behaviour and feelings can affect relationships.

### **Science**

In our Evolution & Inheritance topic we will be learning how things change over time and how we can gain information from fossils.

### **PSHE**

During our topic of 'Dreams and Goals' we will be learning about the steps needed to reach a goal.

### **Geography**

We will be learning about Global warming and climate change and how this is affecting the world around us.

### **French**

We will be learning conversational skills such as telling the time and being able to say what we enjoy doing at the weekend.

### **Computing**

We will be market researchers and conduct interviews and surveys to collect a variety of data which we will interpret and analyse.

### **Art Design**

We will be learning about the work of Gustav Klint to develop a variety of techniques to create textures in landscape drawings and paintings.

### **PE**

Through Tag Rugby we will be learning to apply skills and techniques to small and larger game situations.

### **Music**

We will be learning about the history of 'The Blues' and learn the 12 bar blues chord sequence.

# Our Environment Year 6 Spring 1 - 2023
