

RELIGIOUS EDUCATION and WORSHIP POLICY

‘Where the diamond of learning is not locked away, an exhibit in a case, a fossil...but that this diamond, given to you by God, is the centrepiece of everything you are and do here at St Bede’s

Go on. Take it. Be daring. Hold it to the light and allow the love story of the Last Supper to shine and transform you.’

Intent

Here at St Bede's we want to see our pupils thrive as successful learners through high quality teaching of our knowledge led curriculum and confident to make good life choices. We encourage our pupils to relate well to one another with empathy and honesty. We aim to meet the needs of all learners through our curriculum, challenging them and enabling them to think critically. We want all pupils to know the best of what has been thought or said, thus having the knowledge, skills, behaviours and attitudes **to keep moving forward**.

High-quality RE lessons will inspire children and make them to want to know more about their faith and its impact in their lives and the faith of others through **communication, collaboration and curiosity**.

Implementation

We will implement this by:

- providing a broad and balanced Religious Education curriculum, incorporating Sacred Writings/History/People/Doctrine/Teaching/Beliefs,Worship/Celebration/Liturgy/Values/Awareness/Lifestyle.
- ensuring continuity and progress in Religious Education throughout the school and nursery.
- develop their understanding of personal relationships by assisting and supporting their moral, emotional, psychological and physical development.
- developing their capacity to appreciate, respect and reflect upon the areas they study.
- developing an enquiring mind for searching and questioning.
- developing the pupils' knowledge and understanding of the Catholic tradition and the ways in which it seeks to express the significance of human life.
- developing knowledge, understanding, awareness and respect for other faith traditions
- challenging pupils to examine their own standing in life, to deepen their personal faith, commitment and respect that of others.
- ensuring this subject is taught as rigorously as any other core subject.

Teachers need to plan the following:

- A cycle of lessons for each subject, which carefully plans for progression and depth;
- Bubbles to consolidate or further the children's current learning;
- 3P's to test the children's prior learning and retention.
- Challenge questions for pupils to apply their learning in a philosophical/open manner.
- Trips and visiting experts who will enhance the learning experience.

Impact

Our RE curriculum is high quality and planned to demonstrate progression. If children are keeping up with the curriculum, they are deemed to be making good or better progress. In addition, we measure the impact of our curriculum through the following methods:

- A reflection on standards achieved against the planned outcomes.
- A celebration of learning across year groups which demonstrates progression across the school.
- Pupil discussions about their learning.

School Policy and the Brentwood Diocese Statements of Attainment in Religious Education

Each pupil will be given access to the key religious concepts and body of religious knowledge set out in the Brentwood Diocese Statement of Attainment in Religious Education. Our Scheme of Work shows the practical application of the “Statements of Attainment”.

Pupils’ Religious Education Experiences

The pupils will have a range and balance of Religious Education experiences including explore, reveal, respond, remember, rejoice and renew (new themes from the New Religious Education Scheme – ‘Come and See’).

Religious Education teaching will include:

(i) Exposition by the teacher

Lead lessons (given by the teacher to the whole class or groups within the class, through which the teacher introduces or develops knowledge, concepts, skills or attitudes) are fundamental and can initiate dialogue between teacher and pupils.

(ii) Discussion between teacher and pupils and pupils themselves

Opportunities will be provided for the pupils to relate to one another’s experiences, reflection, recalling their understanding, reviewing and celebrating their experiences.

(iii) Appropriate practical work

All pupils will engage in practical activities which allow them to respond actively through, for example, creative play, movement, drama, painting, drawing, story-telling, reflecting, listening, prayer, worshipping and serving. The amount of time spent and the type of activities provided will vary according to the needs and attainments of the pupils.

Pupil’s Religious Education Activities

Our Scheme of Work and individual teacher’s plans give accounts and references to the actual learning outcomes and activities covering; Sacred Writings/History/People, Doctrine/Teaching/Beliefs/Worship/Celebration/Liturgy/Values/Awareness/Lifestyle/Other Faith Traditions.

Pupils’ Records of their Work

As Religious Education is approached through practical activities, it is not always appropriate to record every activity. According to the task, appropriate methods of recording will be selected. These may include: (Refer to **Appendix 1** for a complete list)

- words (oral/written)
- pictures
- symbols
- painting
- craft work

Cross-Curricular Issues

Whilst Religious Education is best approached in a subject-specific manner, our aim is to capitalise on opportunities presented in topic work and other areas of the curriculum.

In life experiences are inter-related. A cross-curricular approach in R.E. can reflect the world in which we live and allow pupils to explore religious concepts in a wide range of contexts.

Religious Education can contribute to the development of general skills such as communicating, observing, organising, studying, reasoning, questioning, co-operating, as well as linking with more specific skills in other subject areas, e.g. appreciating and interpreting religious art, communicating using English, chronology of church history, map skills in geography, studying the Holy Lands, singing/performing skills in music by celebrating and worshipping.

Assessment

Teachers will undertake the Diocesan recommended assessment procedures using the Come and See criteria which teachers can locate on assessment spreadsheets to guide their judgements. These are listed according to topics. An assessment is completed at the end of each of topic. The levels are recorded on the RE Assessment Spread sheets.

Recording Pupil's Progress

(Refer to the School Assessment Policy for current practice)

Staffing and Resources

- Each classroom is equipped with the “Come and See” RE Programme for Primary Schools (online), and CAFOD pack (available online: access password given to all teaching staff) a range of Bibles in school. Each class has a reflection pack which contains reflective and prayerful items for the reflection table which also contains cloths in liturgical colours. Other references including music and books for enrichment and reference are kept in the reprographics room. Every classroom has access to word processing, art and data handling packages.
- Posters and big books are also kept in the reprographics room.
- Bibles and hymn books are in individual classes.
- Every RE book has a picture of Jesus and young children – different for different Key Stages across the school

The RE Leader is responsible for reviewing and updating resources. The RE Leader, together with the Head teacher, and outside agencies (Brentwood Religious Education Services - B.R.E.S.) will arrange and provide INSET for the staff of the school to meet the needs of the school (as set out in the School Plan) and individuals.

The staff are encouraged to consider the themes in the light of their own experience. Approximately 10% of the timetable is allocated per week for Religious Education: EYFS (1 hour) & KS1 (2 hours) and KS2 (2 hours). These directed times, taken from the Dioceses, do not include Collective Worship, Hymn Practices and Liturgical Assemblies.

Parish based catechists (including school staff) prepare the pupils for the Sacraments of the Eucharist and Reconciliation. The programme is supported by the school through the delivery of the RE programme.

Other Faiths

All pupils learn about two world faiths per year. From Year 4 upwards, this will need to total 5 hours 30 minutes. Pupils will be taught Judaism each year and Islam, Hinduism and Sikhism on a three year cycle.

Classroom Management

A variety of grouping methods will be employed including whole class, group and individual, depending on the content and aims of the activity. The composition of groups in group work will vary (ability, mixed ability, friendship) according to demands of the activity and the teacher's professional judgement.

The pupils will have access to a range of resources for both written and practical activities. The pupils will be responsible for the care, selection and organisation of these resources (appropriate to the age of pupils, resources being used and the activity).

Information Technology

Pupils may use the ICT suite and the laptops to develop their ideas as appropriate to their needs and the planned learning outcomes of the teacher.

Evaluation

Pupils' work will be continually monitored. Teaching methods will be adapted when necessary to ensure the progress of an individual pupil or groups of pupils. Year group meetings, together with whole staff meetings, will be used to evaluate and review the policy and practice.

Our policy statement reflects current practice and thinking.

Inclusion

We aim to ensure that pupils attain their full potential regardless of race, gender or class. The materials we use reflect a multi-cultural society of women and men. Teachers ensure that no particular group or gender dominates the use of equipment or other aspects of teaching and learning situations.

We recognise that pupils have different needs in their religious education learning and cater for that by planning a variety of approaches. Pupils' progress is carefully monitored to ensure that suitably challenging work is given to individuals and groups (see SEND Policy).

Worship

- Phase liturgies celebrate core values related to current 'Come and See' topic, British Values and appropriate topics. All pupils and staff try to follow the value related to the current 'Come and See' topic. All pupils take part in a daily act of (collective) worship. Each class worships together at the beginning and end of the morning and afternoon sessions. This worship takes the form of specific prayers and may include thoughts for the day from the teacher and/or pupils and any other appropriate prayers as suitable for the times and seasons of the Church's year.
- Whole school worship takes place on a Monday afternoon in the hall and this is led by the Head teacher.
- Mass for the school is held in the Church at the beginning of each academic year, during each term and on certain important days within the Church's calendar, e.g. Ash Wednesday. Reception – Year 6 classes prepare and lead one assembly in school per year and their parents are invited into school to watch. In the summer term Year 6 prepare and participate in a Leavers' Mass, which is celebrated with parents, teaching staff and other staff who may wish to attend. Parents and parishioners are welcome.
- Christmas is celebrated with nativities in Nursery and Reception and a Christmas celebration by year 2.
- The Easter Story is portrayed by Year 4 in the Church.
- Pentecost is presented by Year 5 in the Church.
- House Masses or assemblies are also celebrated on the relevant Saint's day with the children in each house.
- In the month of May and October the pupils in KS2 say the Rosary in their class reflection time. The class teacher can choose a decade, pray and meditate it. In Advent, the pupils say the Angelus just before lunch (the version being appropriate for their age group). During Lent, the Guardian Angels will take the younger children round the Way of the Cross in the school. There will also be an opportunity for small groups from classes to visit Gethsemane.
- During Lent the children tour the Way of the Cross which is displayed in school.
- Services of Reconciliation are held in school during Advent and Lent – these are arranged by the RE Lead in conjunction with our parish priest.

Charity

We aim to teach the pupils that the Church is a community that continues Jesus' mission to proclaim Good News to the whole world. We give to a range of charities each year, with fund raising taking place in a variety of inventive ways.

Pupils in our school choir also give their time during Advent to sing at local venues.

RSE

This will be taught through the 'Journey in Love' programme in the Summer term for all year groups.

Lesson Structure

Every lesson starts with the turning on of the lantern followed by either a short prayer or hymn.

Role and Responsibility of Governors

Canon Law establishes that the Bishop of the Diocese of Brentwood is responsible for all Church-led education within his Diocese. It is the special responsibility of the Foundation Governors to ensure that the Religious Education in St. Bede's Primary School reflects the Brentwood Diocesan Policy.

Extract from: The Instruments of Government of a Catholic School

"The provision of Religious Education for pupils at the school which is required to be included in the school's basic curriculum shall ... be under the control of the Governing Body and shall be in accordance with any provision of the Trust Deed relating to the school and the Rites, Practices and Doctrines of the Roman Catholic Church."

The organisation and implementation of the RE curriculum is entrusted to the Head teacher.

The Link Governor for RE is Mark Butcher.

The Link Governor for Worship is Father Henry.

'Guardian Angels'

The school appoints a group of pupils from KS2 – Years 4, 5 and 6 – to serve as Guardian Angels. The children help to write/select prayers; read the Gospel; choose music. The children are given a special badge to wear. They will lead a Rosary group on Friday lunchtime in the Gethsemane room and will support the RE Lead in the organisation of whole school liturgies and any charity work.

Prayer Room – 'Gethsemane'

The Prayer Room is a special place where children and staff can say a prayer and is open at break times for private prayer.

Service of Reconciliation

There are services of Reconciliation in Advent and Lent and opportunities for individual Reconciliation.

Outside Speakers

The school invites outside speakers to address the staff on a spiritual dimension of our Faith.

Icons Around The School

The school features a number of prayers and icons around the school.

Catholic Values

These are celebrated in Hall displays and feature in the Head teacher's assembly. Where there is cross over to British values, this link is made.

Quality Time with Father Henry

Once a year each class spends some quality time with our parish priest. This may be at school or in the Church. If Father knows the topic the class are studying, he can shape his time with the children accordingly. Staff are encouraged to email Father directly in order to make their own individual arrangements, at mutually convenient times.

Working with the Parish

The children support the Parish's initiative of collecting food for distribution to those less fortunate within the Parish. Members from the CWL are also invited in to watch the Year 4 Easter Story, the Choir sings for the Fellowship group at Christmas and the children are involved in the International mass and often the Christmas Eve masses.
