

Understanding of the World

We will explore life cycles of plants and animals, look at how food is grown and know how to care for plants. We will look at the different weather in England and compare how it is different around the world.

Expressive Art and Design

We will continue to develop storylines in pretend play based on knowledge and understanding. We will use the voice expressively to show tempo within music and explore how to mix primary colours to make secondary colours.

Communication and Language

We will link events in a story to their own experiences and ask questions to clarify understanding. We will offer explanations for why things might happen, making use of recently introduced vocabulary

Literacy

We will read and re-read a selection of books to help increase fluency and understanding. We will continue to practise blending known sounds in words and reading level 2 and 3 tricky words by sight. We will practise writing a short sentence using finger spaces and full stops.

Life on the Farm

Reception

Summer 1 - 2024

Mathematics

Will explore patterns within numbers by equally sharing into two groups, identifying number doubles and exploring even and odd numbers up to 10. We will look at how shapes can be made from different shapes, and develop skill in adding and taking away within 20.

Physical Development

We begin to develop balance skills by using a range of small and large apparatus. We will continue to fine motor skills and forming letters correctly.

RE

We will learn more about other faiths by exploring Hinduism. We will develop an understanding of even though we are all different we are all part of Gods family.

Personal, Social and Emotional

We will look at how to think about the perspectives of others and understand that it is ok to have and express different opinions to others.
