

### Maths

We will be focusing on our reasoning skills, in particular measurement; including multi-step worded problems and spinning arithmetic plates.

### History

We will be investigating holidays from the past, within living memory. We will comparing the holidays of our grandparents to ours today.

### RE

We will be looking at the story of Peter asking Jesus about forgiveness and how we can apply the lessons learned to our own lives.

### Science

We will be looking at habitats around the world, using observations to answer questions about different issues affecting

### PSHE

We will be developing a better understanding of the relationships we have with our friends and family.

### English

We will be exploring writing a diary entry, using 'Leo and the Octopus' as our guide. We will be working on developing a range of grammar skills including conjunctions, question marks, apostrophes and simple past tense.

# Traditions

## Year 2

### Summer 1 - 2024

### Phonics

We will be focusing on spelling patterns which will be supported through our weekly spelling.

### Music

We will be developing our understanding of the role of music and dancing in Summer festivals as well as traditional dances from around the world.

### Computing

We will be learning to publish our work; investigating how technology has changed over time and finding our way around a document.

### Art and Design

We will explore life in colour; experimenting with secondary colours, creating texture and choosing materials based on their colour and texture.

### PE

We will look at different shape actions and various positions of stillness, rolls and jumps.

### Design and Technology

We will be discovering different shapes and structures to create a chair. Children will explore the suitability of a range of materials.
