

### Maths

We will continue to practise our arithmetic skills and use **RUCSAC** to help us to continue to develop our reasoning skills in preparation for our SATs.

### English

We will be using our focus **The Boy in the Girls' Bathroom** to write a formal letter and also a school report. We will use taught grammar features in our writing and focus on our journey of drafting and editing.

### RE

In our RE lessons we will be continuing our topic of **'Death and New Life'** and then studying the topic 'Witnesses' This will include how to describe and show understanding of Scripture. We will also be learning about the religion of **Islam**.

### Science

In our lessons we will be learning about **Light**, we will learn how light travels, how we see things in relation to light and why shadows have the same shape as the objects that cast them.

### PSHE

We will be studying the topic of **Relationships**, discussing feelings around loss and people who are special to us in our lives.

### History

In our History lessons we will be learning about **The Ancient Greeks**, why they fought so many wars and why they were successful, we will study a range of Ancient Greek achievements;  
And the impact of the legacy of the Ancient Greeks on the world today.

### Computing

We will be learning from the topic **iApp**. We will study how apps are computer programs that are developed according to a plan.

### Art and Design

In our lessons we will be studying the topic of **Painting and Mixed Media: Artist Study**. We will be focusing on how artists tell stories or show feelings in their work;

### PE

We will be studying **Gymnastics**, positions of stillness – exploring individual, pair and group positions and how those positions can act as obstacles for others.

### Music

Our topic is **World Unite: Rhythms and Notes**, Writing and Performing. We will be learning how rhythms can be created using different objects.

# Relationships Year 6 Summer 1 - 2024
