

### Maths

Over the course of the half term we will complete maths investigations to further their mathematical thinking, using a combination of reasoning and arithmetic skills.

### English

In our lessons we will create an information leaflet based on research and our own findings from our Isle of Wight trip. We will also create a short story based on our production.

### RE

In our 'Witnesses' topic, we will compare ideas about having the courage to be a witness; they will also be learning about Islam as an additional faith. In our Common Good topic we will be learning how feelings and beliefs about sickness and care affects their behaviour and that of others.

### Science

In this half term we will study 'Evolution and Inheritance and learn that living things have changed over time. That fossils provide us with information of how living things have changed and also why animals can look different to their parents.

### PSHE

This half term we will be learning about the topic 'Changing Me' and these lessons will be incorporated with our Journey in Love scheme.

### Geography

We will be learning about 'Our World in the Future'. Learning to name and locate types of industry in a variety of areas and give reasons why they have changed over time.

### French

We will be learning the name of key periods in Ancient Britain, chronologically in French; and also physical descriptions of a fictitious Viking family.

# Journeys Year 6

## Summer 2 - 2024

### Art and Design

This half term we will be learning about photographs. We will be learning to work in the style of an artist by selecting appropriate images and experimenting with composition to create an interesting layout.

### Computing

In our final weeks we will be learning that apps are computer programs that are developed according to a plan. We will also be learning about the value of mobile technology and its future development.

### Design and Technology

In our DT lessons we will be studying 'Come Dine with Me' looking at cooking and nutrition. We will learn how 'flavour' is how a food or drink tastes and that many countries have 'national dishes' which are recipes associated with that country.

### PE

We will use co-operation, communication, collaboration, consideration, teamwork, trust developing skills for the outdoors, working together and supporting each other

### Music

In our lessons we will learn lyrics and music, dialogue and staging to put on a musical theatre performance for our end of year production.
